

Giochiamo con i numeri romani

@emozioniinmatematica

Elementi grafici aggiuntivi presi da Canva

Istruzioni

Stampa tutte le carte e costruisci la scatola in cui conservarle.

Numero di giocatori: 2

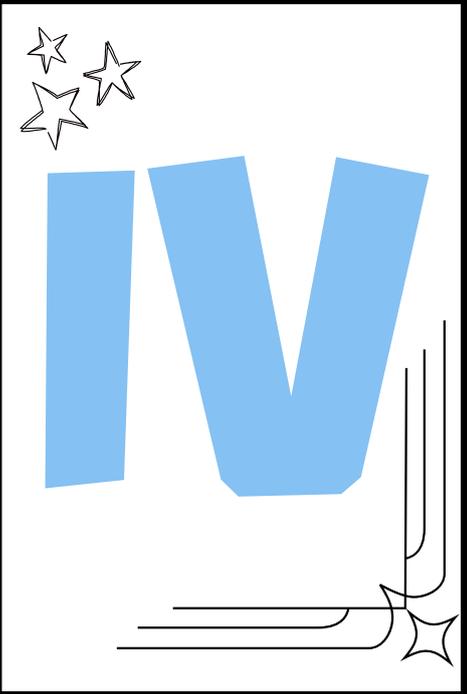

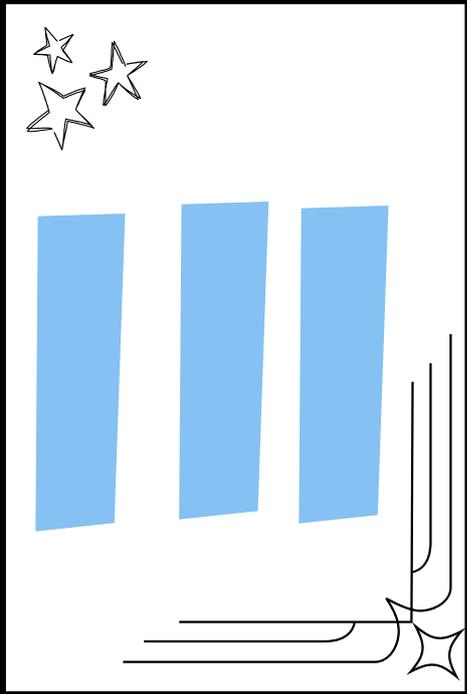

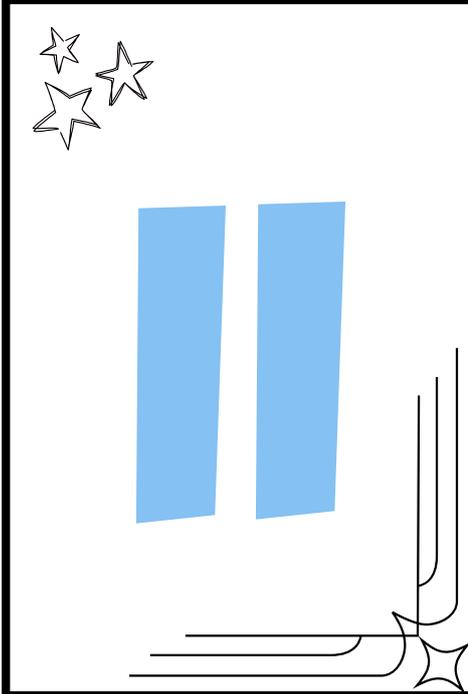

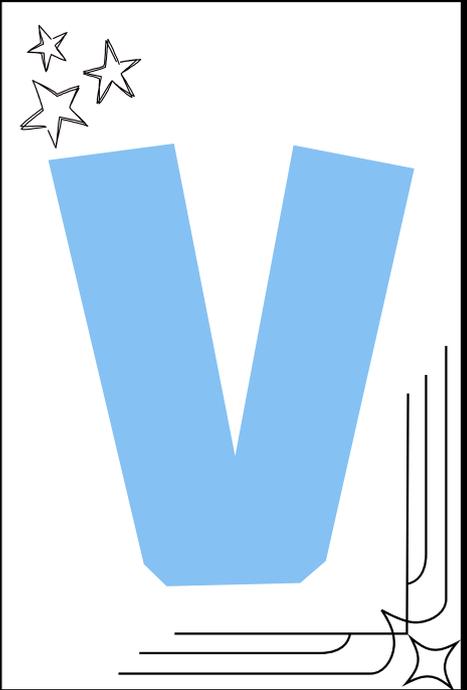

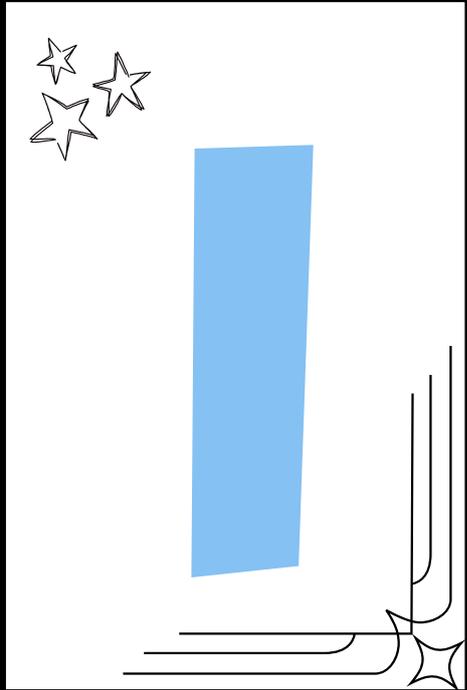

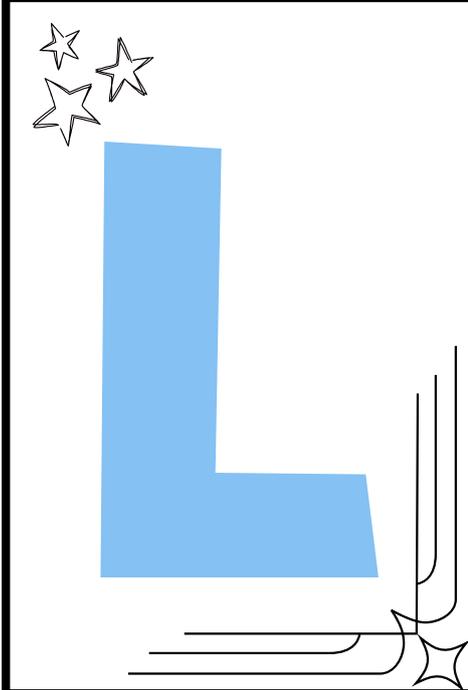

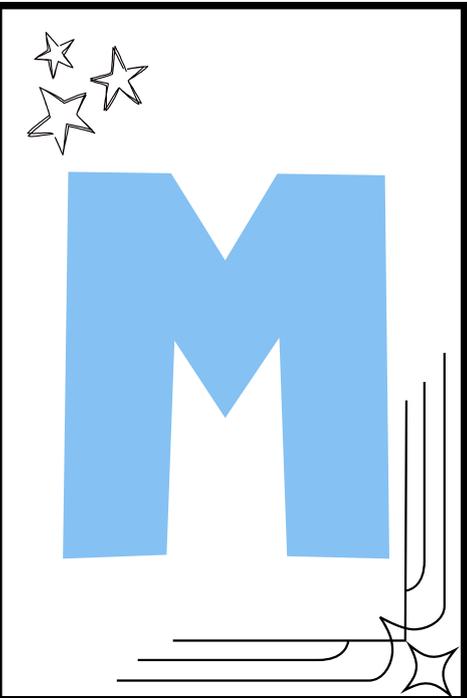

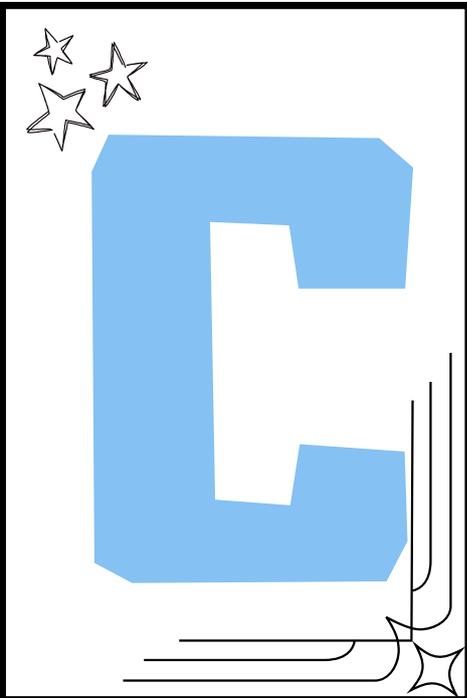

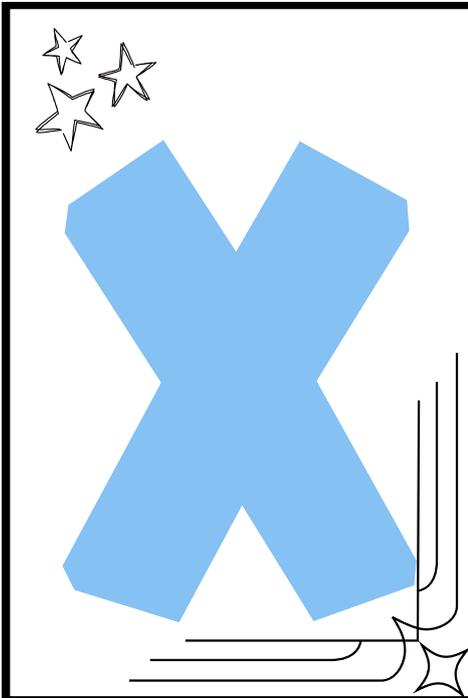

Disponi il mazzo di carte sul tavolo.

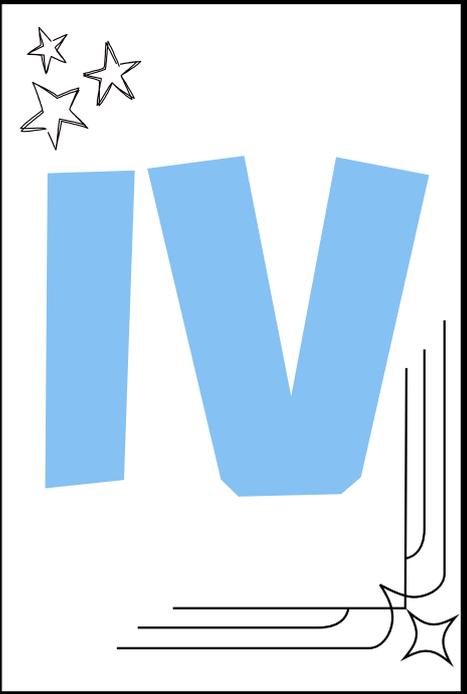

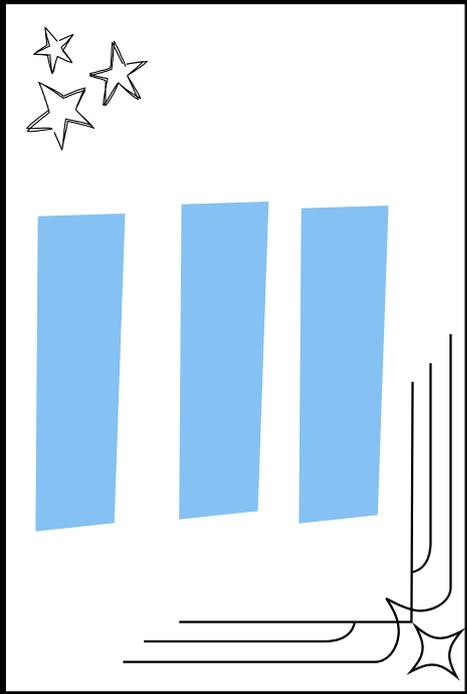

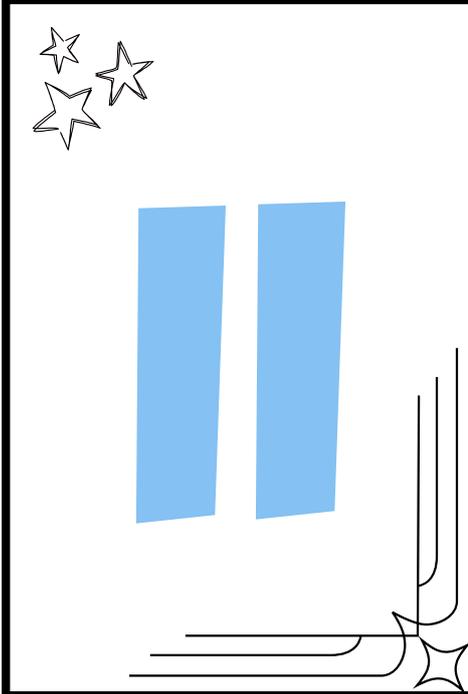

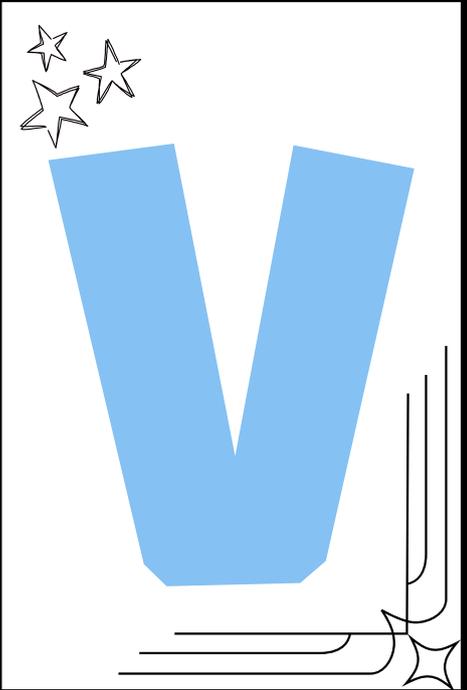

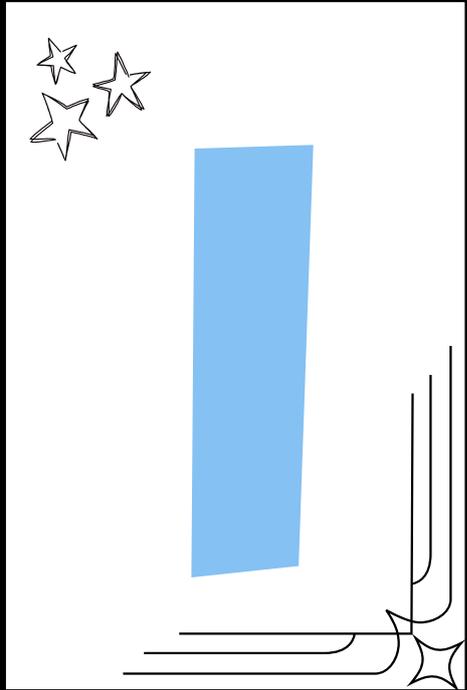

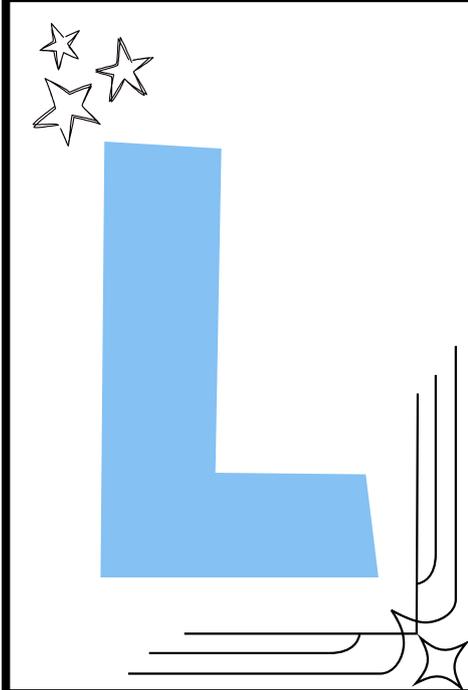

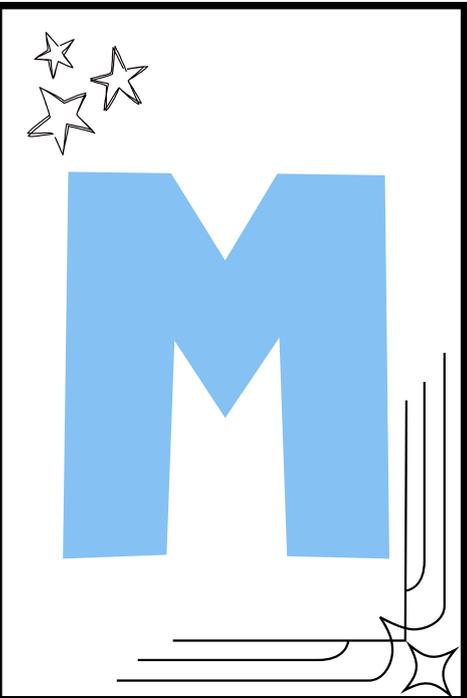

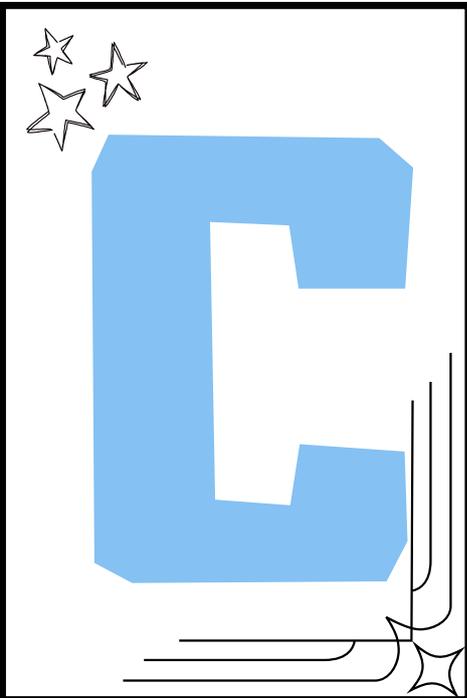

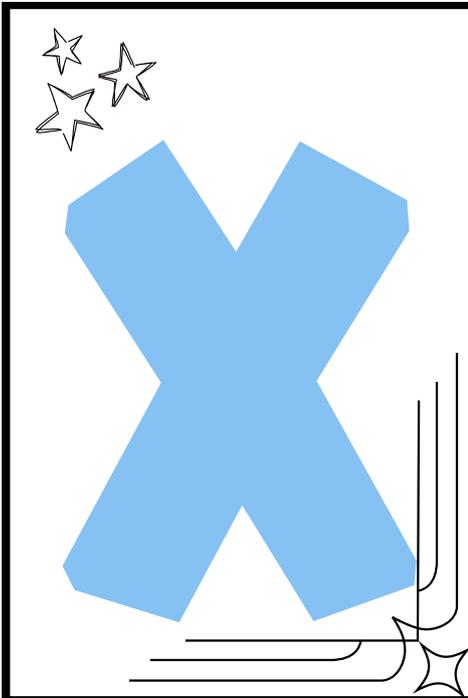

A turno estraete due carte e sommate le cifre romane presenti su ciascuna di esse.

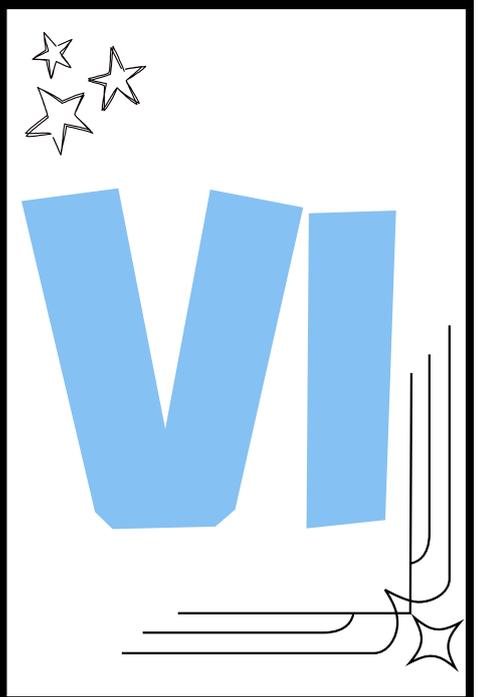

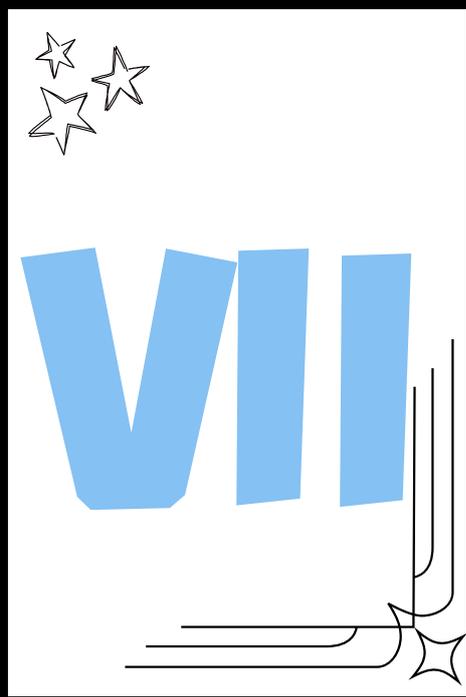

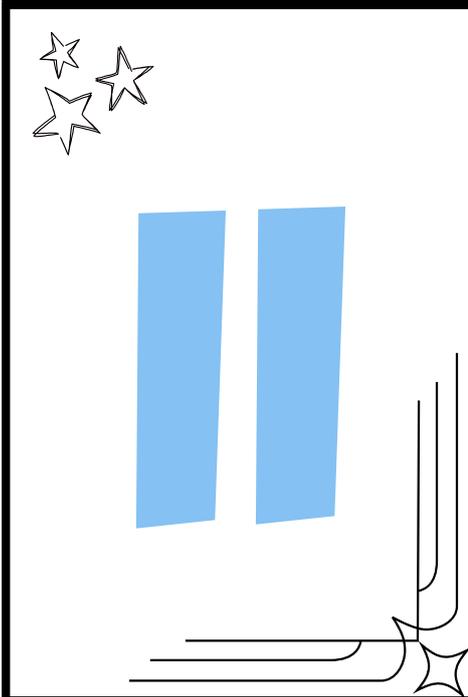

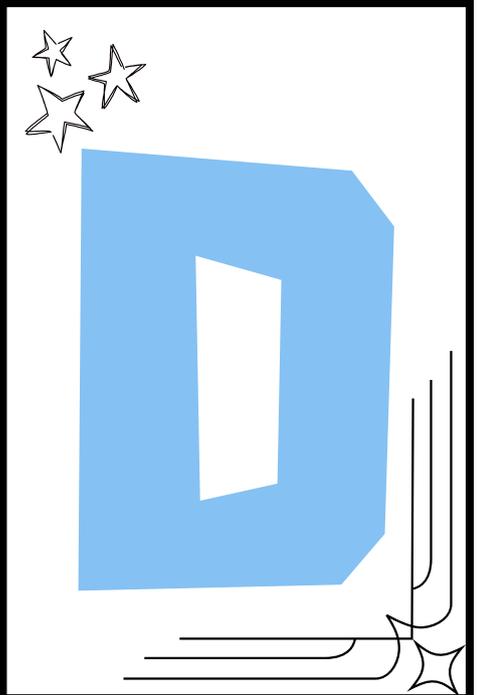

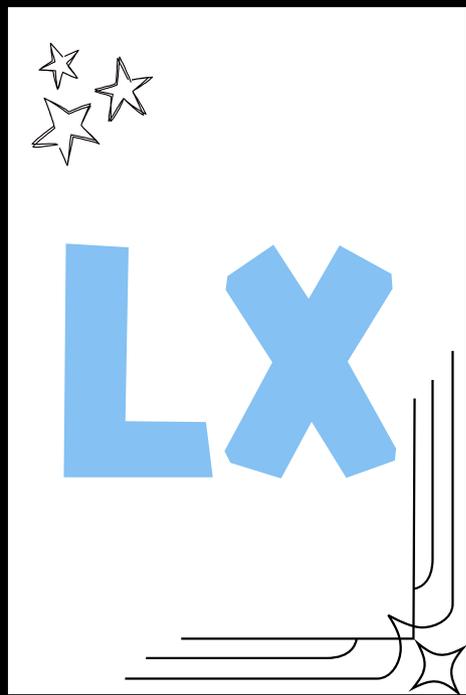

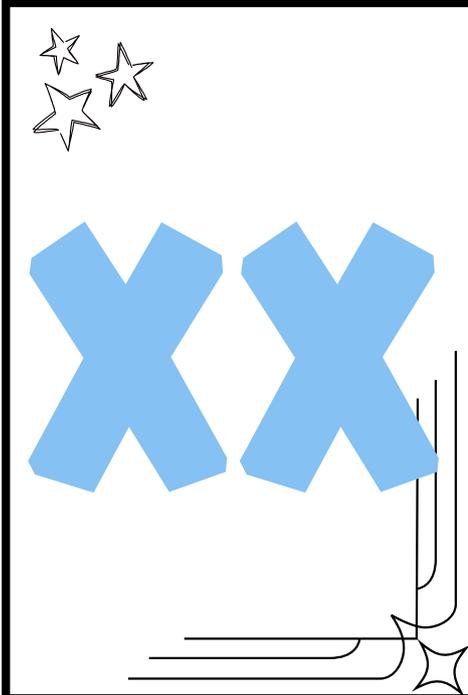

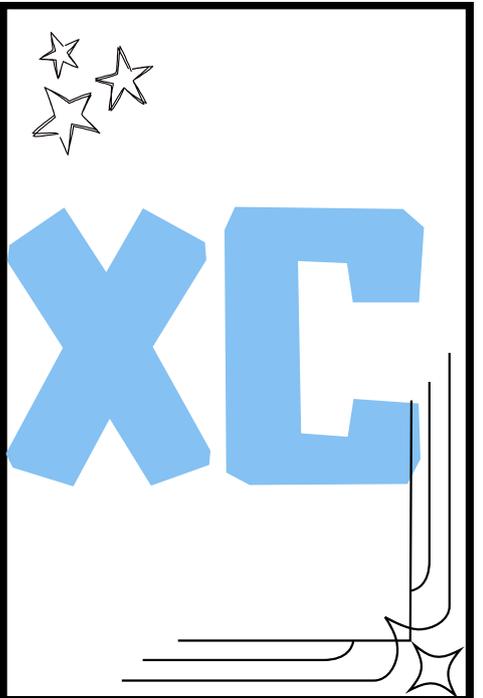

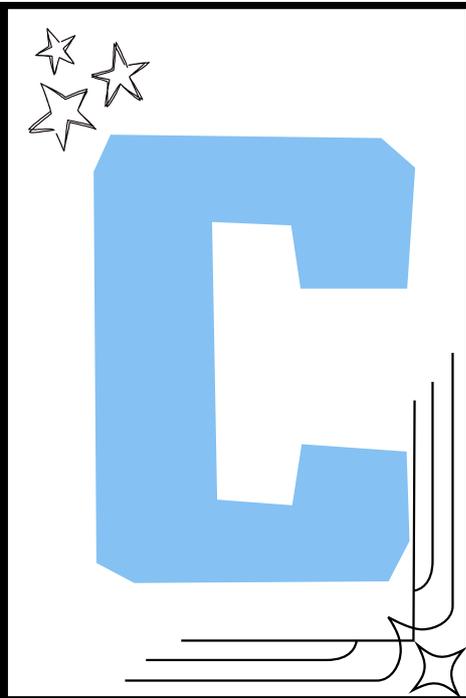

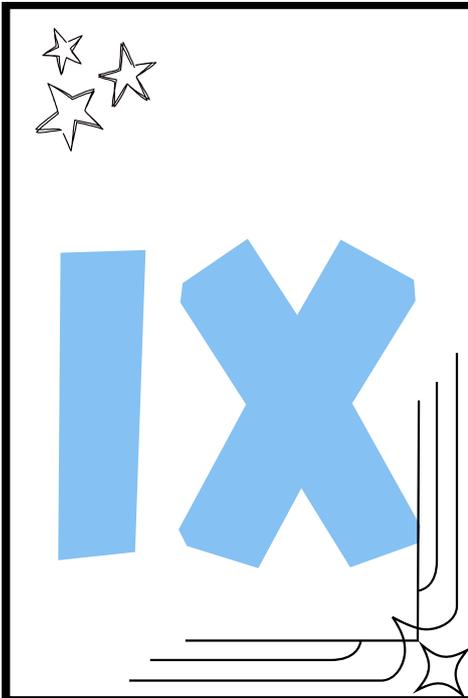

Chi ha ottenuto il numero maggiore vince tutte le carte sul tavolo.

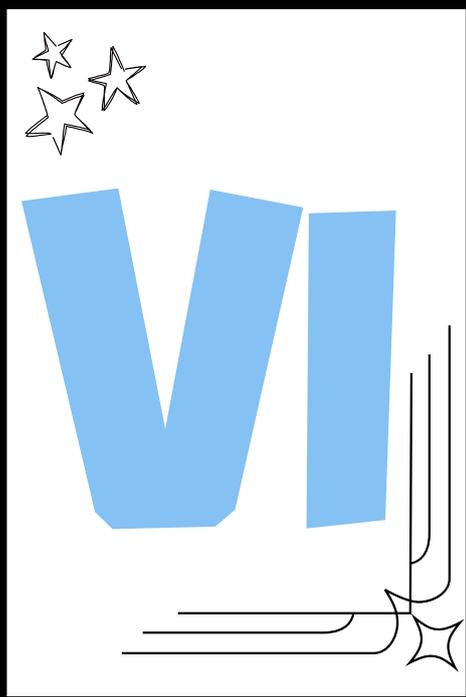

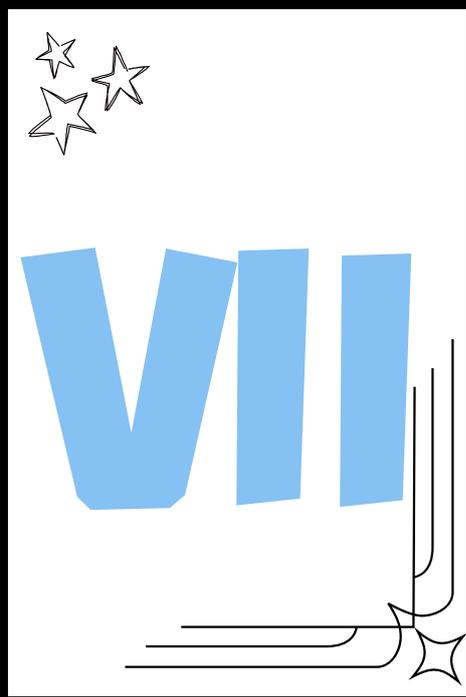

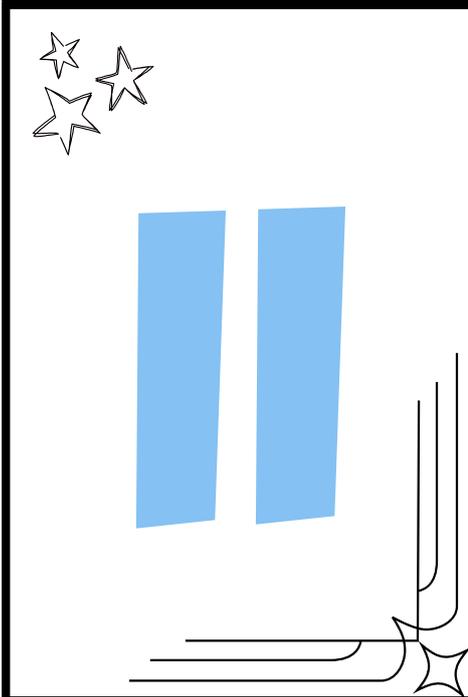

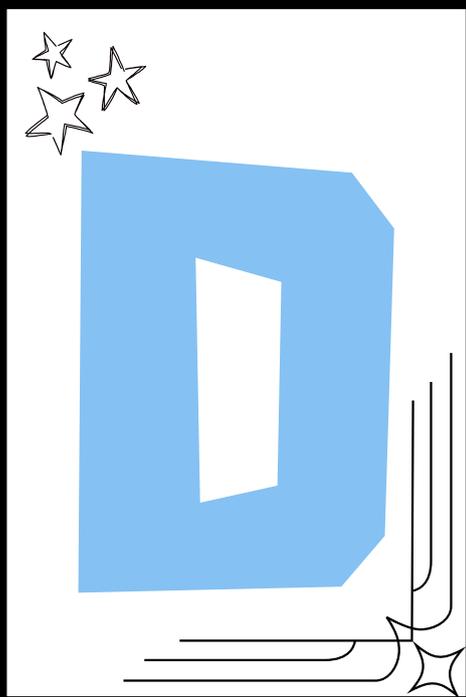

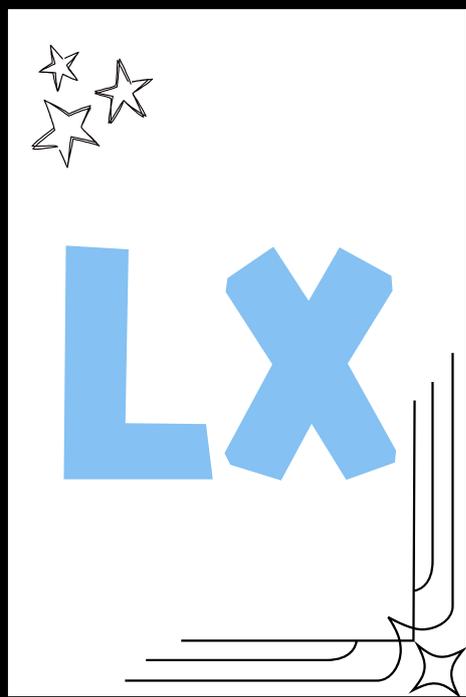

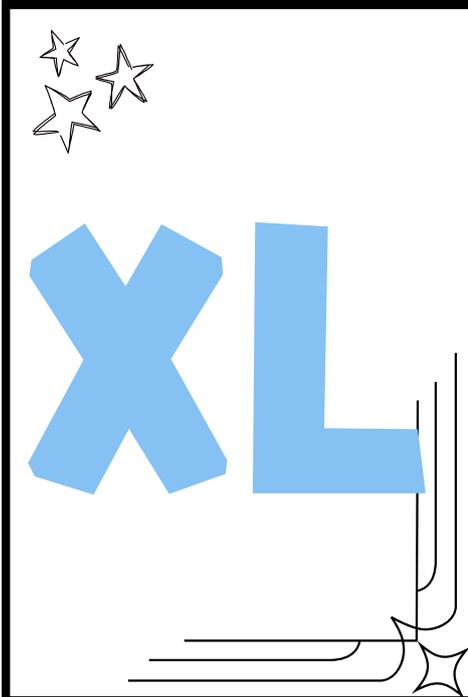

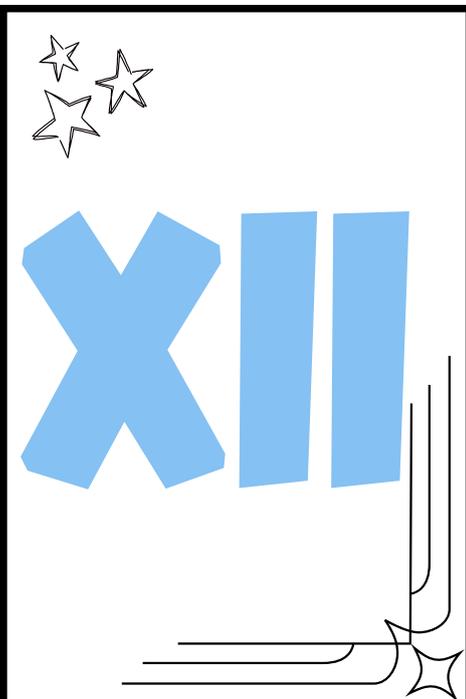

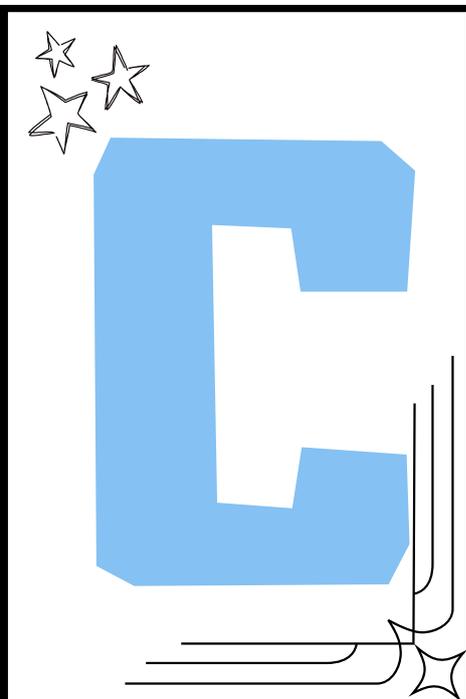

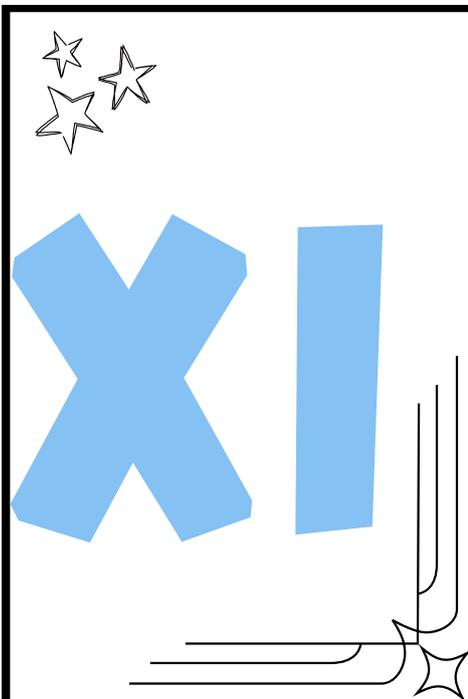

Al termine del gioco vince la partita chi ha ottenuto il numero maggiore di carte.
